SATURDAY :

Sexual Health, Chi, and Sexual Manifesting; awakening your ultimate sexual potential : Pierre Black (12pm)
. description to follow

Severe Restriction : Maitresse Zyra & Malcolm (1:30pm) . Restriction can be practised in many ways. In this workshop, you will learn the different techniques of this universe.

The Art of Corsets : making, wearing & playing : Anne Marie Smith / Gabrielle Brisson (3pm) . The corset appeared in the Minoan era (1700 B.C.) and is still worn today. Its size and shape have changed through the ages along with the conception of the "ideal" silhouette through fashion and dress style. It can be large or it can shrink to become a wide belt. It can highlight or uplift the bosom or it can diminish and flatten it. It can focus on the waist, slimming or augmenting the hips. The art of the corset is magical.

Violet Wand : Dr.Clockwork / Satanica (4:30pm) . Once used as quack medicine for almost any or all ailments, the so-called "violet wand" is today part of many fetish games. Static electricity allows for a wide range of sensations. Its use in the fetish world is only limited by imagination. Discover this fabulous toy of fetish through the wicked mind of two passionate artists of the scene.

SUNDAY :

BDSM Play for beginners : Contessa Alura (12pm) . 1) Where to begin?, DIY Beginners toy kit, Safety, Initiating Play, Basic techniques for play, Common practices and conduct for parties and social events. Contessa Alura has been a professional/lifestyle Dominatrix and BDSM educator for more than 7 years. As a serious advocate for sexual freedom she founded the ALCC (Alternative Lifestyles Community Centre) where you can learn everything from techniques, building D/s relationships to starting your own professional domination business. Check them out at www.thealcc.org

Self Bondage : Oddvar (1:30pm) . The art of bondage is complex, but it is even more when you are both artist and subject. This workshop will bring you some new perspectives about the ropes. What better offering for your Master/Mistress than an already bound and gagged slave on the living room floor after a hard day of work!

D/s Protocol and Play : Sir Kira & Restrik (3pm) . Exploring the myths and realities of Domination and submission, community and personal protocols and how to integrate your own protocols in your play. Sir Kira is International Ms. Olympus Leather 2011, Leather Lifestyler and Community Promoter/Judge in the Montreal Area. With her unique perspective, Sir Kira meshes the "Old Leather Guard" sensibilities with the BDSM/Fetish edginess.

Sensuality and fetishism : Raphael Brière (4:30pm) . Despite what this sounds like, this workshop is for everyone! This workshop is divided in two sections. The first spanning many means of circumventing physical and psychological limitation in a healthy, active sexuality. The second is an overview of many non-coital sexualities often practiced, albeit, rarely knowingly, in the Fetish / BDSM world. (for example a submissive offering position). Open your mind and explore the alternatives!
